The "Crime Watch" is a way the police department's command personnel analyzes numbers and locations of crimes and arrests as well as suspects, victims, days and times of criminal activity, and so forth, to identify crime patterns, clusters, suspects, and hot spots. Strategies are then formulated to counter increasing incidents of crime. The Crime Watch encourages creativity in strategies, allocating resources, and deploying police personnel while holding managers and employees accountable for confronting the problems of crime proactively. This new concept will be used at the Department's monthly—Police Accountability Command Session², also howmous a PACS.

The Index Crimes are used to indicate the amount and extent of serious crimes in a given jurisdiction as defined by the International Association of Chiefs of Police Committee on Uniform Crime Reports. Index Crimes include the following "Violent Crimes": murder, non-negligent manslaughter, aggravated criminal sexual assault, robbery, aggravated battery and aggravated assault. Also included are the following "Property Crimes": burglary, theft, larceny, motor vehicle theft and arson. The Crime Index is the total number of Index Offenses occurring within a given jurisdiction during a specified period of time. From April 2013 to March 2014. Broadview's Crime Index is 393. Compared to 415 for the period of April 2012 to March 2013. This is a 5.3% decrease from the previous year.

While we have seen a decrease in the amount of reportable offenses, a decrease has also occurred in arrests of 22.12%: 81 arrests for Crime Index Offenses from April 2013 to March 2014 as compared to 104 for April 2012 to March 2013.

The Broadview Police Department is constantly resolving its strategies in order to reduce crime with in the Village as well as to actively pursue offenders.
